

NT 27/1

The NT 27/1 is a powerful wet/dry vacuum cleaner for professional users. It is exceptionally compact and comes standard with a number of useful accessories.

1 Cartridge filter with float

- Large cartridge filter ensures constant high suction power. The mechanical floating switch-off interrupts the air stream once the maximum filling level has been reached.

2 Robust metal latches

- These extremely robust latches lock more reliably.

3 Robust bumper

- All-round impact protection not only protects the machine itself, but also walls, machines and other items against damage.

NT 27/1

- With cartridge and wet filter
- Plastic container
- Accessory storage and cable hook
